Private & strictly confidential — issued to the named recipient only; any sharing, copying or circulation is prohibited (see Confidentiality, last page). This is an invitation to explore franchise participation only — not an offer of securities, a deposit scheme or an investment product; no return is promised or assured. All projections are illustrative assumptions.

1 · The Privilege of Owning a Team

Owning a sports franchise is not an ordinary business purchase. Across the world — and most visibly in the IPL — team ownership sits in a category of its own: a seat at the top table of a sport, a public identity for a business house, and an asset whose stature grows with the league itself. Corporate leaders own teams for the brand, the network, the community standing and the sheer pride of walking into a stadium behind their own name — the financials are only one part of the story.

BCPL brings that same ownership experience to India's fastest-growing corporate sporting stage — at a fraction of big-league cost, and at the very beginning of the league's growth curve.

Your company's name on the team

The franchise may be named after the owner's company (subject to league brand guidelines) — every match, jersey, scorecard and broadcast carries your corporate brand, season after season.

A world-class team experience

The league mandates a top standard: players stay in 5-star hotels, jerseys and kit are Indian-team grade, and team management is fully professional. Your franchise looks and feels big-league from day one.

A pure corporate audience

League participants are working professionals — a high-value, hard-to-reach audience for B2B and consumer brands, and a natural network for the owner's own businesses.

Consent-based participant insights

Aggregated, consent-based engagement insights about participants connected to your team, plus co-branded communication through official league channels — always within the DPDP Act, 2023.

A league that grows every season

Registrations, digital reach and on-ground footprint grow season on season — and your revenue pools are tied directly to that growth.

League-run machinery

Grounds, umpires, live scoring, broadcast, the digital platform, registrations and payments are all run centrally by the league. You build the team — the league runs the machinery.

2 · Investment Structure — What a Season Costs

A BCPL franchise is an **annual commitment of approximately ₹5 Cr per season**, made up of three parts:

ITEM	AMOUNT / SEASON	NOTES
League franchise fee	₹3 Cr every season	Same for every franchise. Payable every season, not one-time . The fee increases by 10% each season (₹3 Cr → ₹3.30 Cr → ₹3.63 Cr ...).
Auction purse	₹1 Cr (fixed)	Every team's player-auction purse. Held fixed for the next 2–3 seasons; reviewed by the league thereafter.
Team operations	≈ ₹1 Cr (indicative)	5-star player accommodation, Indian-team-grade jerseys & kit, team management, travel and match-day operations. Varies with the owner's choices, but the league's minimum standards must be met.
Bid registration fee	₹2,00,000 (one-time)	Non-refundable, per applicant, to enter the bid process — whether or not a franchise is allotted.

Year-1 outlay ≈ ₹5 Cr — the pie shows the split of a season's commitment.

Allotment & eligibility: clean legal & financial background, KYC of the applicant entity and promoters, and source-of-funds verification are mandatory. Where 10 or more qualified applicants register, allotment is by competitive bid & auction. The league's decision is final.

3 · How a Franchise Earns — Three Streams

① 25% of player registration & Phase-2 revenue

Phase-1 registration: ₹299 / ₹399 · Phase-2 (trials & auction eligibility): ₹2,000 / ₹3,000. **25% of this revenue pool is distributed equally among the 10 franchises** every season. Figures in this document are net of 18% GST (blended Phase-1 ≈ ₹296, Phase-2 ≈ ₹2,119 net).

② 50% of league sponsorship revenue

Title, associate and partner sponsors pay to reach the league's corporate audience. **Half of all central sponsorship revenue is distributed equally among the franchises.**

③ 25% of central media income — from Year 4

In early seasons the league invests in broadcast distribution (a league cost, never charged to franchises). Once broadcast turns revenue-positive, 25% of central media income also flows to the franchises.

4 · Season 6 — What Conversion Does to Your Share

With **2,00,000 Phase-1 registrations** and ₹3 Cr sponsorship in Season 6, the per-team share at different Phase-2 conversion rates:

PHASE-2 CONVERSION	PHASE-2 REVENUE (NET)	PER-TEAM SHARE
10% of registrations	₹4.24 Cr	₹0.40 Cr
20% of registrations	₹8.47 Cr	₹0.51 Cr
30% of registrations conservative	₹12.71 Cr	₹0.62 Cr
40% of registrations	₹16.95 Cr	₹0.72 Cr
50% of registrations base case	₹21.19 Cr	₹0.83 Cr
60% of registrations strong	₹25.42 Cr	₹0.93 Cr
70% of registrations	₹29.66 Cr	₹1.04 Cr

Per-team share = $[25\% \times (\text{Phase-1} + \text{Phase-2 net revenue}) + 50\% \times \text{sponsorship}] \div 10$ teams. Every outlook on the next pages shows the P&L at 30%, 50% and 60% conversion side-by-side.

5 · Outlook A — Steady Growth (2 → 3 → 5 → 8 → 10 lakh registrations)

Per-team revenue share (₹ Cr, illustrative) — at 30% Phase-2 conversion

SEASON	REGISTRATIONS	PHASE-1 (NET)	SPONSORSHIP	MEDIA	FEE + PURSE + OPS

Season 9 (Year 4)	8 lakh	₹23.66 Cr	₹7 Cr	₹1 Cr	₹5.99 Cr
Season 10 (Year 5)	10 lakh	₹29.58 Cr	₹8 Cr	₹2 Cr	₹6.39 Cr

FRANCHISE P&L — SEASON NET AT 30% / 50% / 60% PHASE-2 CONVERSION

5-season cumulative		—₹20.27 Cr		—₹17.30 Cr		—₹15.82 Cr

Straight talk: at steady-growth scale the revenue share does not yet cover the ≈ ₹5 Cr annual commitment even at strong conversion — at this scale ownership is a brand, network and early-position play. No assured returns exist in franchise sport — we show this honestly.

6 · Outlook B — High Growth (5 → 10 → 15 → 20 → 25 lakh registrations)

7 · Key Terms & Conditions

1. **Nature of arrangement.** A BCPL franchise is a commercial sports-team ownership and revenue-sharing arrangement with BCPL Sports Private Limited ("the League"). It is **not** a security, deposit, collective investment scheme, partnership, franchise under any statutory franchise law, or financial product, and is not marketed as one.
2. **No assured returns.** All revenue figures, charts and projections in this document are illustrative assumptions only. The League makes **no representation, warranty or guarantee of any revenue, profit, break-even timeline or return.** Franchise owners may incur losses, including sustained losses across multiple seasons, as the Steady-Growth outlook itself illustrates.
3. **Fees.** (a) The ₹2,00,000 bid registration fee is one-time and non-refundable in all circumstances, including non-allotment. (b) The league franchise fee (₹3 Cr, same for all franchises) is payable **every season** and increases by 10% per season. (c) The auction purse (currently ₹1 Cr) must be funded in full each season. (d) Team operating costs are the franchise's responsibility and must meet League minimum standards (player accommodation, kit, management). Non-payment of any seasonal amount by its due date is a material breach.
4. **Allotment.** Where ten or more qualified applications are received for available slots, allotment is by competitive bid/auction. The League's decision on eligibility, allotment, team naming and city assignment is final and binding.
5. **Eligibility & verification.** Applicants must pass KYC, background and source-of-funds verification. The League may reject any application without assigning reasons, with no liability other than obligations expressly stated in a signed agreement.
6. **Revenue share.** Pool percentages (25% registration/Phase-2, 50% sponsorship, 25% media) are computed on **actually-received** central revenue net of applicable taxes (including GST), payment-gateway charges, refunds and statutory deductions, and distributed equally among active, fully-paid-up franchises per the Franchise Agreement. Registration revenue depends on actual participation; sponsorship and media figures depend on third-party contracts that may or may not materialise. No minimum pool size is guaranteed.
7. **League standards.** The League may prescribe and update minimum standards for player welfare, accommodation, kit, conduct and match operations. Persistent failure to meet standards is a material breach.
8. **Data protection.** Any sharing of participant information is limited to aggregated and/or consent-based data, in compliance with the Digital Personal Data Protection Act, 2023 and League privacy policies. Franchises must not use participant data outside the permitted purpose, must not transfer it to any third party, and must delete it on termination.
9. **Branding & IP.** Team names incorporating the owner's company name require League approval and must comply with League brand, advertising and content standards. All League IP (name, marks, footage, data, formats) remains the League's property; the franchise receives only a limited, non-transferable seasonal licence.
10. **Conduct & compliance.** Franchises, their owners and personnel must comply with applicable law (including anti-corruption, anti-money-laundering and betting/gaming laws), League anti-corruption and conduct codes, and must not engage in conduct harming the League's reputation.
11. **Term, termination & transfer.** Franchise rights are granted per season/term as per the Franchise Agreement. Transfer, sale, pledge or change of control requires prior written League consent. Material breach, non-payment, insolvency or reputational-risk events may lead to suspension or termination; fees already paid are non-refundable on termination for cause.
12. **Force majeure.** Seasons may be shortened, relocated or cancelled for events beyond the League's control; the Franchise Agreement sets out the consequences. No consequential-loss claims lie against the League.
13. **Taxes.** Each party bears its own taxes. GST and withholding taxes apply as per law on all fees and distributions.
14. **Governing law & disputes.** Governed by the laws of India; disputes are subject to arbitration under the Arbitration and Conciliation Act, 1996 (sole arbitrator, seat New Delhi, English language) and the exclusive jurisdiction of the courts at New Delhi.
15. **Entire understanding.** This prospectus is for information only. Only a signed Franchise Agreement (with schedules) creates binding rights and obligations; in case of conflict, the Franchise Agreement prevails over this document. The League may modify the programme, fees and terms at any time before signing.

8 · Confidentiality — Read Before Sharing

It is issued to the named recipient alone, solely to evaluate BCPL franchise participation. **You may not share, forward, copy, photograph, publish or disclose this document or its contents to any person whatsoever** — not to advisors, associates, media or any third party — without the League's prior written consent. By retaining this document you accept these obligations as binding. Unauthorised disclosure or use may cause the League serious commercial harm and will entitle the League to injunctive relief, damages and any other remedy available in law, and will disqualify the recipient from the franchise process.
